What is your child interested in?

4-H offers opportunities for inclusion, exploration, and growth!

Hello! My name is Anne Williams. I am the Oneida County 4-H Program Coordinator. As you consider your family's educational options this coming school year, **4-H is here to help children and teens stay connected and supported through educational resources, mentorship, and a sense of belonging.** 4-H is a low-cost, volunteer-led organization that offers structured out-of-school time learning, leadership experiences, and adult mentoring which are proven to play a vital role in helping kids achieve success – especially during COVID-19.

Oneida County **4-H is FREE to join and open to ANY youth in grades K-13** (one year past high school). 4-H is youth-driven. Members pick a topic they would like to explore and 4-H staff and volunteers can help guide them.

What is your child interested in? 4-H can help with that!

4-H IS PROVEN

4-H'ers are...

- 4X** more likely to give back to their communities
- 2X** more likely to make healthier choices
- 2X** more likely to participate in STEM activities

4-H keeps things affordable and fun thanks to volunteers!

Oneida County 4-H Leaders' Association conducts county-level 4-H programs with youth, raises funds to support 4-H programs, coordinates county-level recognition for youth and adults, and represents 4-H to the community.

What do the "H's" stand for?

The four "H's" stand for "Head, Heart, Hands, and Health:"

*I pledge...My **head** to clearer thinking...My **heart** to greater loyalty...*

*My **hands** to larger service...My **health** to better living...*

For my club, my community, my country and my world.
