- Treasurer's Report-August

  Mary presented the report. She explained the $15 DVD, the Robocamp in and out money, and the Everbrite $895.20. Lynn wondered if all of the Everbrite money was for the theater and said she would check with Jess to find out.

- 4-H Coordinator's Report- Tiffanie

  Tiffanie reported that the challenge robotics program is meeting twice a week currently. The competition season is coming soon. The explorer's program for Rhinelander will start up after the 1st of the year and will run that semester instead of this one. This is per the leader for that program's request. The Three Lakes program is supposed to start up soon, but Tiffanie hasn't heard exactly when yet from that leader. There is no program right now in the Minocqua area. Regarding a high school program, the Robotics club received grant money from the School District of Rhinelander, but the group realized that it will be a lot more costly to truly start up that program. It is planning on doing so though as it adjusts funds around.

  The club will be meeting this Sunday with a general beginning of the year program.
